Introduction

1. Governance

The Board is accountable for the operation of the school and its performance. In operating the school, the Board is obliged to take into account the interests of all stakeholders (eg. those of the parent body, students, Proprietors and Minister of Education). Its role includes strategic leadership and vision setting (in partnership with the Proprietor) and ensuring that the school is effective and meets all legislative and regulatory responsibilities defined in relevant Education Acts and other legislation.

The Board meets these obligations by setting policies and other guidelines covering all obligations delegating responsibility for implementation to the Principal establishing the School Charter then monitoring the effectiveness of policy implementation through a system of accountability reporting.

The Board and Principal form the leadership team with the role of each documented with clear reference to the interface both parties have with the Proprietors. The Principal reports to the Board as a whole. The Board has limited time and is proactive through the audit process model for assurance purposes; otherwise its meetings primarily focus on strategic planning, Special Character and school development in close liaison with the Proprietors. The Board makes a clear distinction between governance and management. In a large school, it does not involve itself at all in the administrative details of the day-to-day running of the school. In a small school, involvement in day-to-day management is at the invitation of the Principal. The Principal is employed as the CEO and the Board expect her/him to function accordingly, provide relevant assurance information and alert the Board to risk and variance (to meet statutory obligations or as requested by the Board). If a Board member is doing something in the school for which there is a staff member employed in that role, then they should not be doing it unless invited to assist by the Principal.

2. Management

The Board delegates all authority and accountability for the day-to-day operational organisation of the school to the Principal who must ensure compliance with both **Board's Policy Framework** (including Special Character features), **Charter**, any other delegations from the Board and New Zealand law.

The Principal has complete discretion to manage the school on a day-by-day basis as they think fit, within the boundaries set out above.

Integrated Schools section of the Education and Training Act 2020 (Schedule 6)

Education with a Special Character means education within the framework of a particular or general religious or philosophical belief, and associated with observances or traditions appropriate to that belief.

Integrated school means a private school originally established to provide education with a Special Character that, in accordance with the provisions of this Act, has, by the free choice of the Proprietor of the school, been established as an integrated school, and has thereby become part of the State system of education in New Zealand.

Integration means the conditions and procedures on and by which a private school may become established as part of the State system of education and remain part of that system on a basis whereby the education with a Special Character which it provides is preserved and safeguarded; and *integrated* has a corresponding meaning.

Proprietor, in relation to a private school or an integrated school, means that corporation, body of trustees, or other person or body of persons, which or who have the primary responsibility for determining the Special Character of the school and for supervising the maintenance of that Special Character, and who own, hold upon trust, or lease the land and buildings that constitute the school premises

- (4) If, in the proprietor's opinion, the Special Character of the school as defined and described in the Integration Agreement has been or is likely to be jeopardised, or the education with a Special Character provided by the school as defined and described in the Integration Agreement is no longer preserved and safeguarded, the proprietor may invoke the powers conferred on the proprietor by this Schedule.

Memorandum of Understanding (MoU) – AIS NZ recommends that School Boards have a Memorandum of Understanding with the Proprietor to capture best practice around areas of common interest including;

- Legal constitution of the Proprietor (usually a charitable trust) and the Board (Crown entity and controlling authority)
- Special Character Guidelines – in addition to the Integration Agreement in what other ways does the Proprietor wish to record its expectations of the School Board in respect of Special Character

Governance Practices

1. Board Roles and Responsibilities

While boards are autonomous governing bodies, they do not govern in isolation. They are responsible to the Proprietor, their community and the Crown for the performance of the school within the law and the national education system.

Working in partnership, your board must fulfil these legal requirements, monitoring and evaluating your school's performance to make sure it is on track to achieve the aims and targets in your charter and is complying with board and government policy. Each school is different in terms of its character, culture, philosophy, location, catchment, community, and student body. The focus on student success, however, is the same for every school.

Focusing on student achievement.

Education and Training Act Section 127 Objectives of boards in governing schools

(1) A board's primary objectives in governing a school are to ensure that—

(a) every student at the school is able to attain their highest possible standard in educational achievement; and

(b) the school—

(i) is a physically and emotionally safe place for all students and staff; and

(ii) gives effect to relevant student rights set out in this Act, the [New Zealand Bill of Rights Act 1990](#), and the [Human Rights Act 1993](#); and

(iii) takes all reasonable steps to eliminate racism, stigma, bullying, and any other forms of discrimination within the school; and

(c) the school is inclusive of, and caters for, students with differing needs; and

(d) the school gives effect to [Te Tiriti o Waitangi](#), including by—

(i) working to ensure that its plans, policies, and local curriculum reflect local tikanga Māori, mātauranga Māori, and te ao Māori; and

(ii) taking all reasonable steps to make instruction available in tikanga Māori and te reo Māori; and

(iii) achieving equitable outcomes for Māori students.

(2) To meet the primary objectives, the board must—

(a) have particular regard to the statement of national education and learning priorities issued under [section 5](#); and

(b) give effect to its obligations in relation to—

(i) any foundation curriculum statements, national curriculum statements, and national performance measures; and

(ii) teaching and learning programmes; and

(iii) monitoring and reporting students' progress; and

(c) perform its functions and exercise its powers in a way that is financially responsible; and

Committee principles

The Board may set up committees to help carry out its responsibilities and due process (eg. staff appointments, internal audit, discipline).

The Board should check carefully around legislation and regulation to ensure it is not delegating away that which it is not permitted to.

The Board must spell out in the Board minutes and in a letter to each committee member the precise powers that are delegated to a committee. In addition, the same delegation motion

must name the members or how the committee will be constituted. For example, the committee can:

- (a) Investigate and report their findings to the Board.
- (b) Investigate and make any recommendations based on those findings to the Board.
- (c) Investigate, come to conclusions based on what they have discovered and have the power to act upon those conclusions, then report to the Board what they did.

Board committees:

- (a) Are to be used sparingly to preserve the Board functioning as a whole when other methods have been deemed inadequate.
- (b) Can consist of non-board members. Committees must have a minimum number of 2 persons, at least one of whom must be a Board member.
- (c) May not speak or act for the Board except when formally given such authority for specific and time-limited purposes. Such authority will be carefully stated in order not to conflict with authority delegated to the Principal.
- (d) Help the Board (not the administration) do its work.
- (e) [Other than the Board Discipline Committee] must act through the Board and therefore can only recommend courses of action to the Board and have no authority to act without the delegated authority of the Board.
- (f) Assist the Board chiefly by preparing policy alternatives and implications for Board deliberation. Board committees are not to be created by the Board to advise staff.
- (g) All have the Presiding Member and Principal as ex-officio members with the exception of an audit
